

Summer City Camps 2025: fill the school holidays with a range of fun activities in Vienna!

Dear guardians!

For children, summer is synonymous with freedom, adventure and carefree days. At the same time, they require a safe environment in which to develop, discover new things and make new friendships. Which is why this year once again, it's of major importance to us to offer high-quality holiday care that addresses these exact needs.

The Summer City Camps give children all over Vienna the opportunity to take part in diverse programmes with sports, games and exciting activities, because as the Councillor for Education, I care deeply about the well-being of our children.

Which makes me all the more delighted that this year, we've extended the number of spots to around 34,500 and the locations by four to a total of 35, making it easier for as many families as possible to combine career and family even during the summer months. I'm particularly proud of the fact that, for the second time running, we've successfully expanded the offer for children with disabilities and are offering a fourth small group location this year. For the area of inclusive care, there are now 19% more places available than in 2024, so as to better cover the increased need.

Yet again this year, the Summer City Camps are supported by strong partners: the City of Vienna, BiM - Bildung im Mittelpunkt as the central coordination point, the association Hi Jump Wien and further dedicated organisations in the field of youth and education. Together, we do our utmost to ensure the children experience an unforgettable holiday while also getting the chance to develop in a supportive environment.

I'd like to wish a wonderful summer to all children!

Bettina Emmerling
Vienna Deputy Mayor and Councillor for Education
